

Time	Location	Event	Notes
9:00	GB01 - Small Atrium	Breakfast/Registration	Confirm your attendance and collect your conference badge.
9:30	GB03	Welcome Address	Dean of College of Medicine, Dr. Sarah Forgie
9:45	GB03	Oral - Shreoshri Bhattacharjee	Host restriction factors ZAP and APOBEC3G collaborate to restrict HIV-1.
10:00	GB03	Oral - Andre Fernanda	Maternal Near-Miss and Quality of Care in First - Level Referral Hospitals in Inhambane, Southern Mozambique: A Mixed-Methods Study
10:15	GB03	Oral - Mary Lazell-Wright	End of the line: Targeting telomerase overexpression via synthetic dosage lethality
10:30	GB03	Oral - Emma Finch	Analysis of Asthma Biomarkers in Children's Urine Samples Using Liquid Chromatography Mass Spectrometry
10:45	GB01 - Small Atrium	Coffee and Refreshments	Complementary with your registration
11:15	GB03	Oral - Caitlin Olauson Barlas	Realist Evaluation of Food Waste Diversion Programs across Canada
11:30	GB03	Oral - Emily Hein	The Undefined Role of Histamine During Acinetobacter baumannii Infection
11:45	GB03	Oral - Miranda Messmer	CRISPR-Cas9 knockout of hnRNPA1 impacts neuron differentiation
12:00	GB03	Oral - Arash Amanlou	Development and Optimization of 3D-Printed Nasal Cavity Models: Segmentation Efficiency, 3D-Printing Methodologies, and Deposition Pattern for Nasal Sprays
12:15	GB01 - Small Atrium	Lunch	Complementary with your registration
13:15	GB03	Oral - Sampurna Ghosh	Pathogenic variants of the mitochondrial metallochaperone SCO1 exert unique effects on the composition of its interactome
13:30	GB03	Oral - Mehrdad Askarian	LIVED EXPERIENCES OF IRANIAN IMMIGRANTS WITH LONG COVID IN CANADA: AN INTERPRETIVE DESCRIPTION APPROACH
13:45	GB03	Oral - Christopher Chivers	Loss of pitx2c alters atrial morphogenesis and sinoatrial node patterning in the developing zebrafish heart
14:00	GB03	Oral - Naga Suresh Kola	Stabilizing mRNA-Lipid Nanoparticles with Carbohydrates for Inhalation
14:15	GB01 - Small Atrium	Coffee and Refreshments	Complementary with your registration
14:45	GB03	Oral - Sara Dalkilic	Presynaptic Spinal Reflex Modulation in Children and Adolescents
15:00	GB03	Oral - Mercy Kehinde	Weaving Knowledge Systems to Eradicate Drinking Water Crises in First Nations Communities across Canada
15:15	GB03	Oral - Hannah Braun	Identification and Validation of Novel Type II Secreted Proteins in Klebsiella pneumoniae
15:30	GB03	Oral - Asmaa Fadl	Hypoxia-Inducible Factor-1-alpha as a Potential Contributor to Gingival Overgrowth
15:45	Large Atrium	Posters	
17:45	Large Atrium	Supper	Complementary with your registration
18:30	Large Atrium	Awards and Closing Remarks	
19:00	Large Atrium	Social
